# Caleb Everett

63 Villa Ave., Pitman, NJ 08071, (609)-670-5137

**OBJECTIVE**   A summer Internship that will use and develop my software development skills

**EDUCATION**   Bachelor of Science in Computer Science
College of New Jersey, Ewing, NJ
Expected to graduate May 2014
Computer science classes:

- Network Security
- Data Structures and Databases
- Programming Best Practices
- Computer Architecture
- Cloud Computing (spring 2013)
- Operating Systems (spring 2013)

**SKILLS**

- Ruby, Ruby on Rails
- HTML, Javascript, CSS
- Unix/Linux, Vim, Tmux, Git
- Amazon Web Services
- C++
- Java
- Python
- Bash
- SQL

**EXPERIENCE**   *Intern at BC Technology*                                   2011-2013
Developed a web based point of sale and business management system. BC Technology is a small merchant services and e-commerce company and as one of three software developers I had many responsibilities, and worked on all parts of the system which included:

- javascript cash register
- SQL Database
- Ruby on Rails API

I also designed a Java server using the JPOS library that allowed our cloud based point of sale app to control cash registers and receipt printers attached to the client computers.
*Groundskeeper at Pitman High*                                   2008-2010

**HONORS**

- Wrote a class scheduling application for The College of New Jersey
- 2nd Place New Jersey TEAMS Engineering Competition division 3 2010
- President of Outdoors Club
